...S FLEETS GETTING READY FOR BATTLE

...panese Close Port of Kelung To The World.

...KADO REINFORCES HIS ARMY.

...hile Little News Is Obtainable from ...rom the Far East It Is as Evident ...that Big Warships Will Soon Be En...gaged in Great Naval Battle.

St. Petersburg, April 11.—435 p. m.—...hether Vice Admiral Rojestvensky's ...ttleship division passed through the ...raits of Sunda or the straits of Ma...ca it is practically certain now that ... is moving to effect a juncture with ...e division which passed Singapore ...ril 8. It is possible that this may ...t take place until the two divisions ...ach Cape Padaran on the east coast ... Cochin-China. The dispatches from ...ngapore naming the ships that pass... there on Saturday are erroneous in ...veral places, notably the case of the ...erst Bismarck, rechristened The ...n, which is still at Libau.

Kelung Port Closed to World.

Washington, April 12.—Minister ...riscom, at Tokio, has cabled the state ...partment that he has been advised ... the closing of Kelung to foreign ...ips until further notice.

Kelung is a port on the north end of ...e island of Formosa. It is believed ...re that the action of the Japanese ...overnment in closing Kelung indi...ates that this port will be used by ...dmiral Togo as a base for his fleet.

Dutch Squadron Sails Under Orders.

The Hague, April 12.—The Dutch East Indian squadron is said to have been ordered to proceed to the Anambas islands (where the Russian squadron which passed Singapore April 8 is anchored) with the view to assuring the observance of neutrality.

Japs Reinforcing Army.

Tokio, April 12.—Japan is meeting the Russian plan of reorganization and reinforcement of its Manchurian army with an extensive expedition from its own military organization. The details and figures are carefully concealed of what seems to be a plan to double the present army units, but it is estimated that by autumn next the total military organization will exceed a million men actually employed in the field.

The fighting force is roughly estimated at 700,000 men, with increases largely in the infantry and artillery, although an enlargement in the cavalry branch is also contemplated. As a result of the manufacture at the arsenals in Japan together with captures and purchases of guns it is predicted that this year will see a Japanese artillery superior to that of the Russian in quality as well as numerically, and it is confidently believed that the Russians will be incapable of overcoming these numerical disadvantages. Wherever railway improvements are possible they will be carried out, when Japan will be sufficiently strong to take and hold Harbin and simultaneously continue operations against the Russian forces to the eastward of that city.

Four Children Burn to Death.

Clarksburg, W. Va., April 12.—The home of George T. Maull, on West Baltimore street, was entirely destroyed by fire early today and four children were burned to death. The parents, with a fifth child, had barely time to escape from the burning building. The charred bodies of the four children have been recovered.

May Arbitrate Chicago Strike.

Chicago, April 12.—A crisis in the controversy growing out of the Montgomery, Ward & Co., teamsters' strike was looked for today by both sides. It was Mayor Dunne's first day in office and it was said that he would be asked by both sides to arrange an armistice and to act as an arbitrator of all differences.

BONES OF PIRATE ARE FOUND.

What Remains of Captain Hicks Unearthed Near New York.

New York, April 12.—The bones of Captain Hicks, a notorious pirate, are said to have been unearthed on Bedloe island. While digging for a foundation for several new buildings a laborer threw up in a shovelful of earth a brittle object that resembled a human thigh bone. An almost perfect skeleton finally was collected.

From the position of the skeleton it could be seen that the arms and legs were pinned close together at the time of the burial, which led to the suggestion that the skeleton of the pirate captain had been unearthed.

When one of the laborers turned up a semi-petrified section of a wooden gibet it became almost certain that the bones were those of the pirate.

Captain Hicks, with his fleet, cruised about the Carolina coast, venturing sometimes as far north as the end of Long Island, preying on New York shipping. He was finally captured, brought to New York, convicted and sentenced to be hanged on Bedloe's island. The execution was public, and the island was crowded at the time.

YOUNG MAN'S THROAT CUT.

Police Looking for Man Who Committed Deed in New York.

New York, April 12.—While Camillo Saraono, 19 years of age lay sleeping in his home in Brooklyn early today a man broke through a rear window of the house, cut the youth's throat, almost severing the head. Saraono died shortly after the deed was discovered.

The police are searching for Paul Catilino, a man of 56 years of age, by whom Saraono was employed, who has not been seen since the murder.

Deverce Genera, a youth of 17, who occupied the bed with Saraono, was awakened by the warm blood of his bed fellow flowing over his body. He found Saraono dying and the bedroom window open.

The police say they have learned that Saraono and Catilino had not been on good terms for some time and that they had trouble last evening.

Catilino's son and the dead youth were chums.

Military Plot in France.

Paris, April 12.—Captain Volpert of the Eleventh infantry, has been arrested on the charge of complicity in the supposed military plot against the security of the state. It was announced from Paris April 5 that the 8,000 rounds of cartridges had been discovered in the house of a man named Meyer in the suburbs of Paris and that a supply of rifles was found later. The researches, it was added, were the result of the recent seizure of 500 uniforms in the residence of Captain Tambourina, a retired officer. The authorities at first did not consider the affair serious, but their subsequent opinion was that a genuine conspiracy was being hatched.

Homicide In Walton County, Ga.

Monroe, Ga., April 11.—Hampton Morris, son of ex-Treasurer Henry Morris, son of ex-Treasurer Henry Morris has shot and killed his brother-in-law Arthur Haynie, three-quarters of a mile south of Bethlehem. It is said Haynie and a young man, Virgil Smith, went to the home of Morris late in the afternoon and remained there some time. Arthur walked out into the yard and upon returning was denied, it is claimed, the privilege of entering. He is said to have insisted that he be permitted to enter, but having made his threats, it is charged, as to what he would do, Morris would not let him, fearing the worst.

Operation Performed on Jugular Vein

New Haven, Conn., April 12.—Edward P. Holdton, of Newport, R. I., a Yale medical student, who was suffering from a tubercular affection of the jugular vein, has had his throat opened by general hospital surgeons who clipped out the affected portion of the vein and tied the two ends together. The patient rallied from the operation and will recover.

THREE ARE KILLED BY DYNAMITE EXPLOSION

White Man and Daughter and A Negro Are The Victims.

MEN WERE NON-UNION MINERS

While There Is No Clew to the Perpetrators of the Crime, It Is Believed that It Was the Result of a Plot—Two Others Were Injured.

Birmingham, Ala., April 12.—A message from Blossburg, a mining camp 15 miles west of here, says that an explosion of dynamite early this morning wrecked the houses of William Cate, negro, and a white miner named Alexander, both non-union miners. A ten-year-old daughter of Alexander was killed, having both legs shattered, and two other children in the same family badly hurt. The explosive was placed on the front porch of the Alexander house. A strike of the union miners has been on at Blossburg since last summer. There is no clew to the perpetrators of the explosion. The mines at Blossburg are operated by the Tennessee Coal, Iron and Railroad company.

Child's Narrow Escape from Death.

Laramie, Wyo., April 12.—A little girl named O'Connor has had a remarkable escape from death beneath the wheels of a locomotive. The child with two others was crossing the Union Pacific tracks on her way to school. Her companions passed in front of an approaching freight train and called to her to follow. She stopped, and then when the train was barely ten feet away, made a dash. Directly in the center of the track her foot slipped, and she fell on her hands and knees. The pilot of the locomotive threw her into the air, where she turned a complete somersault and fell on the track. The engineer in the meantime had reversed the lever and the locomotive stopped with the pilot within a foot of the body.

Sea Voyage For Senator Bacon.

Washington, April 12.—Senator Bacon, of Georgia, who was taken quite seriously ill during a speech in the executive session of the senate, came to Washington from Atlantic City to consult his physician. The doctor said he must again return to Atlantic City and remain for at least two weeks. He has recommended that the senator then take a long sea voyage and spend several months away from business and political cares. Senator Bacon suffered from congestion of the brain, due to overwork. He called at the war department today to see Secretary Taft and inform him that he could not accompany the secretary to the Philippines.

Heavy Hail Storm at Pittsburg.

Pittsburg, April 12.—One of the worst hail storms in years passed over Pittsburg yesterday. The hail stones were large, and done much damage to skylights, conservatories and plate glass windows. At Schenly park about half of the glass in the skylights of the Phipps conservatory were broken. The private conservatories of H. C. Frick, and A. R. Peacock, in the East End, also suffered severely. In the business part of the city many plate glass windows were broken. The falling hail frightened horses on the streets, and there were a number of runaways. As far as known, no one was seriously injured.

$2,500 for Two Teeth.

New York, April 12.—A verdict of $2,500 damages has been returned by a supreme court jury against a street railway company here for the loss of two teeth by a passenger. The plaintiff in the case was knocked down by a guard against whom he had been crowded. The blow from the guard's fist destroyed two of his best front teeth, but he suffered no other damage. Witnesses declarrd the assault to have been entirely unjustifiable.

GIRL KILLED BY LIGHTNING.

Also a Negro Met Death by Stroke During Electric Storm.

Covington, Ga., April 12.—Two fatalities resulted from the electric storm which struck this section Sunday afternoon.

At 2 o'clock lightning struck the house of R. W. Boswell, an operative at the Covington cotton mills, killing his oldest daughter, Miss Nannie Boswell, instantly. She was standing in the doorway with several other members of the family, who escaped without serious injury, though receiving severe shocks.

A negro man living in the western part of the county was the other victim, being killed outright by an electric bolt during the storm.

The storm was accompanied by wind and hail. The telephone and telegraph lines were badly damaged, a large number of the 'phones of the Covington telephone exchange being burned out.

DESPERATE NEGRO GETS AWAY.

Alleged Assailant of Mississippi Woman Foils Mob in Caching Him.

Jackson, Miss., April 12.—News has reached this city that a negro was placed under arrest at Utica, in this county, who acknowledged that he was the one who assaulted Miss Marsh, in this city, on Feb. 22.

The negro pulled two large pistols and shot his way out of the crowd, wounding C. H. Benton, slightly.

The negro then took to the woods, and has not been captured. A posse is now in pursuit of the negro.

This afternoon the governor was advised by long distance telephone of what had transpired at Utica, and was asked for bloodhounds, but Governor Vardaman had none to send.

Great excitement prevails at Utica.

DESPONDENT WOMAN KILLS SELF

Standing Before Mirror She Shot Her Brains Out.

Columbus, Ga., April 12.—Mrs. A. Sims, wife of John Sims, a merchant at Loflin, Russell county, Alabama, committed suicide yesterday afternoon at her home by shooting herself with a pistol.

She had been in ill-health for some time and had been treated at a sanitarium.

She left a note to her husband saying she could not stand her sufferings longer. It is believed that her mind had become unbalanced.

Besides her husband, seven children survive her, the youngest a baby of 5 months old. She was the daughter of Dr. Dismuke, of Irwin county, Ga.

Stroke of Lightning Causes Big Fire.

Huntington, W. Va., April 12.—A fire started by lightning striking the Lade Bros.' large warehouse at 2 o'clock this morning, caused damage estimated at $200,000. Before the firemen were on the ground, the adjoining warehouse of the United States Stogie company was in flames. Three other buildings were also consumed. The United States Stogie company's building is situated at Third and Seventh avenues, the other buildings destroyed are located on Third avenue. The Baltimore and Ohio railroad freight depot with its contents was damaged to the extent of $50,000. Owing to the high wind and storm the firemen had a desteparte struggle.

Castro's Reply at Washington.

Washington, April 12.—Through the incoming South American mail the state department today received from Minister Bowen a copy of President Castro's reply to the minister's proposition to submit the issues between the United States and Venezuela to arbitration. It has been decided that there is no urgency attached to the matter and unless something unexpected should occur in Venezuela, the reply will be allowed to remain for the consideration of the cabinet at the conclusion of President Roosevelt's western trip. Meanwhile the state department officials decline to throw any light on the character of the [illegible] mend by President Castro [illegible]

OIL COMPANIES FILE RETURNS.

Missouri Courts Trying to Find If There Is a Combination.

Jefferson City, Mo., April 12—In the supreme court en banc today A. D. Eddy and Frank Hagerman filed separate returns of the Standard Oil company and the Republic Oil company in answer to the Ouster proceedings instituted by Attorney Hadley on the ground that the oil companies had formed a trust combination.

The returns deny specifically the allegations in the information filed by Attorney General Hadley, and then plead that they should not be held to answer to the information, declaring that the anti-trust law is unconstitutional.

The Waters-Pierce Oil company was given until tomorrow to file its returns. The case are set for April 22 when the pleas will be passed upon and the court will determine whether a commissioner shall be appointed to take testimony.

WHITE MEN ASSAULT GIRL.

Drunken Men In Tennessee Commit Heinous Crime—Posse in Pursuit.

Legislative Notes.

Senator W. Hunt Harris of Key West believes, and very properly so, that his city is destined to be one of the greatest and most popular in the United States. With the practically assured project of the extension of the East Coast Railway to Key West and the consequent, to all intents, "ferry service" to Havana; with the great development of the United States government interests, and with the renewed and increased activity in cigar manufacturing circles, the prospect for this beautiful "Island City" is bright indeed.

Senator Harris in speaking of the new cigar factory to be built by the American Tobacco Company, and which is said to be the largest in the world, told how the big three-story building will have room for one thousand expert cigarmakers, which will mean a total number of workmen or employes overreaching the eighteen hundred mark. The structure will be built of concrete and steel, four stories in height, two hundred feet long and sixty feet wide. The land upon which the mammoth factory will be erected is valued at $75,000, and was donated to the American Tobacco Company by the Key West Realty Company, a quarter of a million dollar company which has been active in the interests of the newer and most prosperous Key West.

HAWTHORN HAPPENINGS.

Several Business Changes—School is Prospering—Other Notes.

Hawthorn, April 12.—Several business changes have taken place recently. A. L. Webb sold his mercantile business and stock here to Edgar Johnson. Then E. W. Waits sold his livery business to Mr. Langhlinhouse, and Waits bought an interest in the store with Johnson. All seem well satisfied with their new positions. Mr. Webb has bought a stock of goods and a business in Ocala and took charge there last Thursday. We are sorry to lose Messrs. Webb and Stamps from our community.

Rev. Mr. Allen, pastor of the Baptist church, had a week of interesting protracted meetings here. Quite a number professed religion. Several joined the church, Sunday night. Among them was Glenn D. Moore, and Misses Janie and Ella Stringfellow. Rev. J. W. McNary officiated. He is an able preacher. He is from Milwaukee and brother-in-law of Mr. McKinley who preaches here. He filled his place last Sunday and today also.

Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for lagrippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by all druggists.

Meeting of Twentieth Century Club.

The Twentieth Century Club held a well attended meeting at the home of Mrs. J. W. Tench on Monday of this week.

After the reading of the minutes other items of business were thoroughly discussed, chief among which were those items relative to the library which is being established.

The literary portion of the program was very interestingly handled under the management of Mrs. C. A. Colclough, the subject being "Belgium of Today."

A reading by Mrs. Gross on the subject, "Belgians at Home;" one by Miss Ruth Scarratt, "The Royal Family of Belgium," and a paper by Mrs. A. R. Harper on "The Congo Free State," were very instructive.

The next place of meeting will be at the home of Mrs. Foster, on April 24.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

HAPPENINGS OF MELROSE.

Northern Visitors Returning Home. Pleasant Card Party—Other Notes.

Melrose, April 12.—Dr. P. D. Hicks of Waldo was in town for several days doing dental work.

At the regular council meeting held on Tuesday afternoon the town clerk was instructed to insure the town hall, and to have the tax books closed on May 1.

The total rainfall during the month of March was 2 50 inches.

The Ladies' Aid Society will have ice cream for sale on Friday, April 14, at the town hall.

Geo. M. Lynch of Gainesville and Charles Rodgers of Live Oak were among the visitors in town recently.

The exodus of our winter residents has begun, about twelve leaving this week. Nearly all will be gone by the end of the month.

Mrs. J. A. Remmel entertained the members of the Ladies' Literary Society at cards on Thursday afternoon. The tea table was set under an immense Japanese umbrella, and very pretty Japanese fans were given as souvenirs of the enjoyable afternoon.

AN EXTENSIVE PURCHASE.

Major W. R. Thomas Buys 600 Acres of Valuable Land Near City.

Major W. R. Thomas has great confidence in Gainesville and Alachua county and its future. He is manifesting this confidence in a substantial way by continued purchase of valuable city and suburban property, a great deal of which is improved.

Major Thomas' last purchase was a tract of six hundred acres of land from the Ellsworth estate. This property is within a short distance of the city, west, and is said to be among the most fertile in the county. It is partially cleared, and the new owner expects to put the property in first-class condition for farming purposes.

It was only a few days ago that Major Thomas purchased three hundred and twenty acres of land immediately adjoining the city on the west, half of which will be included in the coporate limits by the passage of the new city charter.

RUSSIAN SWINDLER CAPTURED.

German Authorities Turn Over "Prince" Savine to Czar's Officers.

New York, April 12.—"Prince" Savine, who was arrested at Bremen Saturday at the request of the Russian consul, has, says a Herald dispatch from Berlin, been conveyed to the frontier and turned over to the Russian authorities, as was also the sum of $50,000 which he had in his possession.

A statement made by Savine in a newspaper interview on his arrest contains several allusions recalling the career (although not positively identifying him) of Nicholas T. Savine, who under various aliases among them count of Tolouse-Lautrec, attained an international reputation as a swindler.

Once he came within striking distance of procuring the throne of Bulgaria. Savine is a native of Russia and escaped from Siberia where he had been sent on charges of forgery.

After many adventures he was arrested in Chicago in 1900, charged with forgery. After serving a year in prison he was released and departed for Europe.

GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve, sinew and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

The Ministerial Association of the ty of Gainesville met at the Presby- rian manse Tuesday afternoon at 3 clock, Rev. Thos. P. Hay, the presi- nt, in the chair.

After a full discussion of the mat- r, it was decided to hold a union ss meeting on the evening of the th Sunday of the present month, hich will be on the 30th. The meet- g will be held in one of the churches, hich will be announced later. The bernacle was offered for the pur- se, but owing to the fact that there no electric current in that building, was necessary to decline the offer.

The object of this meeting will be r the discussion of the best methods inducing children to attend Sab th school.

The following committees were ap- inted for this meeting: Program— evs. Thos. P. Hay and T. J. Nixon, d Dr. F. P. Bullock. Music, Pro- ssor Oliphant. Arrangements— hristopher Matheson, Ferdinand oyer and J. F. Bunch.

CAN'T STAND PRESSURE.

itizens Must Use More Fan Service or be Cut Off Next Year.

Manager Geo. I. Doig of the Gaines- ille Gas and Electric Power Company disposed to be generous, but he does ot feel like operating a day service at continual loss. Manager Doig gave he people of Gainesville last summer he benefit of a fan rate of only 10 ents a day, each fan, but at the end f the season discovered that, for lack f patronage, his company had come ut several hundred dollars to the bad. He has decided, however, to make the xperiment again this summer at a ate of 10 cents per day per fan, giving pecial rates on two or more fans in he same place, and hopes by this to "make even" by the end of the season, s the rate should induce more patron- ge.

"It costs money to run a day serv- ce," remarked Manager Doig Tuesday. "We are not particular about making any big thing out of this day service, as we want to give the city a service that is perfect every hour in the day, but we do object to running the service at a loss to the company, and we can- not afford to do it. I am going to try it again this year, and if I cannot se- cure the patronage I will be compelled naturally to shut off the day service."

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dys- pepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

Another New Dwelling.

Gainesville will soon boast of another handsome cottage, which will be located on West Market street, be- tween South Pleasant and South Gar- den.

E. E. Voyle of the Abstract and Realty Company has let to the Eddins Manufacturing Company the contract for a one-story frame dwelling for Mrs. A. A. Taylor of Rocky Point. The specifications call for five rooms and bath. When completed it will be one of the most conveniently arranged homes in the city, and a credit to the section in which it will be located.

The contractors propose to begin work upon the building at once.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once mag- nificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair de- struction. Herpicide is a new prepara- tion, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., De- troit, Mich.

East Florida Telephone Company Will Soon Reach Morriston.

The territory of the East Florida Telephone Company is being constant- ly extended, which makes a great con- venience to the people of Gainesville and those located along its lines.

C. C. Voyle, constructing superin- tendent of the company, with a force of men, is now working on the line southward from Raleigh, and in a short time expects to complete the system to Morriston, which will afford the towns of Williston and Montbrook also the advantage of a first-class tele- phone service. It is the ultimate in- tention of the company to extend its line southward from McIntosh to Ocala, if proper encouragement of the people of that city can be secured. SEA ISLAND COTTON.

Under date of April 7, The Cotton Trade Journal says that no feature of special interest developed in the Sea Island cotton market this week. The demand was moderate, and the tone of the market called quiet and steady Reports of inquiry for the lower grades of sea islands were heard, but these disclosed no urgency on the part of spinners about buying.

Advices from the crop country indicate that planting has progressed and is now well under way. Advantage was taken of the bright days to recoup for lost time, so that operations were upon a more aggressive scale than ordinarily. Our reports are that the acreage will be about the same as last year, with correspondents in nearly all cases at the same points corroborating themselves. Occasionally advices are that there will be an increase in acreage, though this does not appear to be the case generally.

Slight attention is being paid to the action of the Carolina planters about restricting the sale of their sea island seed to that State. Viewed squarely, adherence to the plans they have adopted will, if carried out to the letter, mean the wiping out of the sea island cotton industry in Georgia and Florida, for this cotton cannot be grown without the seed. Doubt exists as to the effectual execution of the plan. In fact, the move is not taken seriously by the Savannah sea island trade, who would be vitally affected by the success of the move. Sufficient importance is not attached to it to provoke a discussion, probably on the theory that "sufficient unto the day is the evil thereof."

A report from Madison, Fla., says the acreage will be about as large as usual, and a good crop is looked for.

GUESS NOT.

John Temple Graves asks, "Must Democracy Die to Be Born Again?" in a syndicate article that is being published in various papers. From the fact that the principles of the Democratic party are that the people or populace are regarded as the rulers, we should infer that as long as the government stands the Democratic party will stand. When the form of government is not in the hands of the people, then Democracy will die a natural death.

The principles of Democracy will always be maintained by a large number of people of this land, and as in the past, when the party was for years water-logged on the sea of political adversity, the loyal mariners who were lashed to the rigging with a true devotion to principles, rounded the old craft to and perched victory on her banner.

When the sovereign power of this country falls into the hands of others than the people, Democracy will die, but there will always be Democrats enough to see that such a calamity will never take place.

Few States are more favored than Florida, and for every day of disagreeable weather we had last winter even the weather man is making good. The bad weather of the early spring has made it necessary for our winter visitors to wait here until the snows have all passed, and we will have many of them in the State until the middle of May.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

AN IMPRESSIVE MARRIAGE.

Popular Young Lady of Lochloosa Wedded to Young Georgian.

The home of Mr. and Mrs. F. M. Coleman of Lochloosa, Fla., was the scene of a pretty home wedding on the evening of April 5th, when Miss Maud, their second daughter, was led to the altar by Mr. John Phillips, one of Georgia's young men of sterling character.

Promptly at 8 o'clock, the appointed hour, the bridal couple entered the parlor and took their position under a canopy of flowers, where, in the presence of the family and friends, Rev. Haines of the Methodist church read the ceremony which united in a common destiny the hearts of this happy couple.

The bride was arrayed in a gown of spotless white, and carried in her hand a large bouquet of beautiful white roses, both fitting emblems of purity.

The groom wore the customary black suit, which, compared with the light apparel of the bride, bears out well the striking contrast of clinging dependence and manly strength.

Congratulations were next in order, after which the hostess led the way to the supper room where the merry party partook of a feast of good things daintily prepared.

Time slipped away all too soon, and after a short time spent in the parlor in the enjoyment of music and social converse, the guests departed, and Mr. Phillips took his bride to their new home, carrying with them the best wishes of all their friends.

A FRIEND.

Entertained at Belvedere.

Earleton, April 10.—Baron and Baroness von Luttichau gave an out-of-door dinner last Saturday. The steamer Alert was chartered for the accommodation of the guests. At the table, which was under the Baron's famous live oak tree overlooking Santa Fe lake, plates were laid for nineteen. Full justice was done to the good things, under which the table fairly groaned.

After the covers were removed the guests remained at the table and Mrs. Charles Shooter and Mr. James Johnson discoursed choice music on the zither and the violin. There were also many jolly, familiar songs, in which all present joined in the chorus. Conspicuous among these was "Under the Baron's Big Tree," to the music of "Under the Anheuser-Busch," gotten up especially for this occasion and rendered by Mrs. Johnson. The chorus was:

"Come, come, come and make eyes with me,
Under the Baron's big tree.
Come, come, have a good time with us,
Under the Baron's big tree.

"Here we all congregate .....
Year after year we come, yan!
So, so, here we are at Belvedere,
Under the Baron's big tree."

The weather was perfect, and a most enjoyable day was passed. There were present: Mr. and Mrs. Billow, Mr. and Mrs. and Miss Luella, Mr. and Mrs. Charles Shooter, Mr. and Mrs. Herbert Shooter, Mr. and Mrs. James Johnson, Mr. and Mrs. J. Remmel, Mrs. Dr. Drew, Col. and Mrs. Tolles and Mr. and Mrs. Harrison Tolles.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

San Francisco, April 12.—The steamer City of Sydney, which has just arrived from Central American ports, brings word of plight in Guatemala City, of a New York lawyer, Gardner by name. Won't Renew Arbitration Agreement.

New York, April 12.—By a vote of 534 to 434 the New York local of the Lithographers' International Protective and Beneficial association has decided against renewing the arbitration agreement. A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. Daniel.

BIG FLEETS GETTING READY FOR BATTLE

Japanese Close Port of Kelung To The World.

MIKADO REINFORCES HIS ARMY.

While Little News Is Obtainable from from the Far East It Is as Evident that Big Warships Will Soon Be Engaged in Great Naval Battle.

St. Petersburg, April 11.—435 p. m.—Whether Vice Admiral Rojestvensky's battleship division passed through the straits of Sunda or the straits of Malacca it is practically certain now that he is moving to effect a juncture with the division which passed Singapore April 8. It is possible that this may not take place until the two divisions reach Cape Padaran on the east coast of Cochin-China. The dispatches from Singapore naming the ships that passed there on Saturday are erroneous in several places, notably the case of the Fuerst Bismarck, rechristened The Don, which is still at Libau.

Kelung Port Closed to World.

Washington, April 12.—Minister Griscom, at Tokio, has cabled the state department that he has been advised of the closing of Kelung to foreign ships until further notice.

Kelung is a port on the north end of the island of Formosa. It is believed here that the action of the Japanese government in closing Kelung indicates that this port will be used by Admiral Togo as a base for his fleet.

Dutch Squadron Sails Under Orders.

The Hague, April 12.—The Dutch East Indian squadron is said to have been ordered to proceed to the Anambas islands (where the Russian squadron which passed Singapore April 8 is anchored) with the view to assuring the observance of neutrality.

Japs Reinforcing Army.

Tokio, April 12.—Japan is meeting the Russian plan of reorganization and reinforcement of its Manchurian army with an extensive expedition from its own military organization. The details and figures are carefully concealed of what seems to be a plan to double the present army units, but it is estimated that by autumn next the total military organization will exceed a million men actually employed in the field.

The fighting force is roughly estimated at 700,000 men, with increases largely in the infantry and artillery, although an enlargement in the cavalry branch is also contemplated. As a result of the manufacture at the arsenals in Japan together with captures and purchases of guns it is predicted that this year will see a Japanese artillery superior to that of the Russian in quality as well as numerically, and it is confidently believed that the Russians will be incapable of overcoming these numerical disadvantages. Wherever railway improvements are possible they will be carried out, when Japan will be sufficiently strong to take and hold Harbin and simultaneously continue operations against the Russian forces to the eastward of that city.

Four Children Burn to Death.

Clarksburg, W. Va., April 12.—The home of George T. Maull, on West Baltimore street, was entirely destroyed by fire early today and four children were burned to death. The parents, with a fifth child, had barely time to escape from the burning building. The charred bodies of the four children have been recovered.

May Arbitrate Chicago Strike.

Chicago, April 12.—A crisis in the controversy growing out of the Montgomery, Ward & Co., teamsters' strike was looked for today by both sides. It was Mayor Dunne's first day in office and it was said that he would be asked by both sides to arrange an armistice and to act as an arbitrator of all differences.

BONES OF PIRATE ARE FOUND.

What Remains of Captain Hicks Unearthed Near New York.

New York, April 12.—The bones of Captain Hicks, a notorious pirate, are said to have been unearthed on Bedloe island. While digging for a foundation for several new buildings a laborer threw up in a shovelful of earth a brittle object that resembled a human thigh bone. An almost perfect skeleton finally was collected.

From the position of the skeleton it could be seen that the arms and legs were pinned close together at the time of the burial, which led to the suggestion that the skeleton of the pirate captain had been unearthed.

When one of the laborers turned up a semi-petrified section of a wooden gibet it became almost certain that the bones were those of the pirate.

Captain Hicks, with his fleet, cruised about the Carolina coast, venturing sometimes as far north as the end of Long Island, preying on New York shipping. He was finally captured, brought to New York, convicted and sentenced to be hanged on Bedloe's island. The execution was public, and the island was crowded at the time.

YOUNG MAN'S THROAT CUT.

Police Looking for Man Who Committed Deed in New York.

New York, April 12.—While Camillo Seraono, 19 years of age lay sleeping in his home in Brooklyn early today a man broke through a rear window of the house, cut the youth's throat, almost severing the head. Saraono died shortly after the deed was discovered.

The police are searching for Paul Catilino, a man of 56 years of age, by whom Saraono was employed, who has not been seen since the murder.

Deverce Genera, a youth of 17, who occupied the bed with Saraono, was awakened by the warm blood of his bed fellow flowing over his body. He found Saraono dying and the bedroom window open.

The police say they have learned that Saraono and Catilino had not been on good terms for some time and that they had trouble last evening.

Catilino's son and the dead youth were chums.

Military Plot in France.

Paris, April 12.—Captain Volpert of the Eleventh infantry, has been arrested on the charge of complicity in the supposed military plot against the security of the state. It was announced from Paris April 5 that the 8,000 rounds of cartridges had been discovered in the house of a man named Meyer in the suburbs of Paris and that a supply of rifles was found later. The researches, it was added, were the result of the recent seizure of 500 uniforms in the residence of Captain Tambourina, a retired officer. The authorities at first did not consider the affair serious, but their subsequent opinion was that a genuine conspiracy was being hatched.

Homicide In Walton County, Ga.

Monroe, Ga., April 11.—Hampton Morris, son of ex-Treasurer Henry Morris, son of ex-Treasurer Henry Morris, has shot and killed his brother-in-law, Arthur Haynie, three-quarters of a mile south of Bethlehem. It is said Haynie and a young man, Virgil Smith, went to the home of Morris late in the afternoon and remained there some time. Arthur walked out into the yard and upon returning was denied, it is claimed, the privilege of entering. He is said to have insisted that he be permitted to enter, but having made his threats, it is charged, as to what he would do, Morris would not let him, fearing the worst.

Operation Performed on Jugular Vein

New Haven, Conn., April 12.—Edward P. Holdton, of Newport, R. I., a Yale medical student, who was suffering from a tubercular affection of the jugular vein, has had his throat opened by general hospital surgeons who clipped out the affected portion of the vein and tied the two ends together. The patient rallied from the operation and will recover.

THREE ARE KILLED BY DYNAMITE EXPLOSION

White Man and Daughter and A Negro Are The Victims.

MEN WERE NON-UNION MINERS

While There Is No Clew to the Perpetrators of the Crime, It Is Believed that It Was the Result of a Plot—Two Others Were Injured.

Birmingham, Ala., April 12.—A message from Blossburg, a mining camp 15 miles west of here, says that an explosion of dynamite early this morning wrecked the houses of William Cate, negro, and a white miner named Alexander, both non-union miners. A ten-year-old daughter of Alexander was killed, having both legs shattered, and two other children in the same family badly hurt. The explosive was placed on the front porch of the Alexander house. A strike of the union miners has been on at Blossburg since last summer. There is no clew to the perpetrators of the explosion. The mines at Blossburg are operated by the Tennessee Coal, Iron and Railroad company.

Child's Narrow Escape from Death.

Laramie, Wyo., April 12.—A little girl named O'Connor has had a remarkable escape from death beneath the wheels of a locomotive. The child with two others was crossing the Union Pacific tracks on her way to school. Her companions passed in front of an approaching freight train and called to her to follow. She stopped, and then when the train was barely ten feet away, made a dash. Directly in the center of the track her foot slipped, and she fell on her hands and knees. The pilot of the locomotive threw her into the air, where she turned a complete somersault and fell on the track. The engineer in the meantime had reversed the lever and the locomotive stopped with the pilot within a foot of the body.

Sea Voyage For Senator Bacon.

Washington, April 12.—Senator Bacon, of Georgia, who was taken quite seriously ill during a speech in the executive session of the senate, came to Washington from Atlantic City to consult his physician. The doctor said he must again return to Atlantic City and remain for at least two weeks. He has recommended that the senator then take a long sea voyage and spend several months away from business and political cares. Senator Bacon suffered from congestion of the brain, due to overwork. He called at the war department today to see Secretary Taft and inform him that he could not accompany the secretary to the Philippines.

Heavy Hail Storm at Pittsburg.

Pittsburg, April 12.—One of the worst hail storms in years passed over Pittsburg yesterday. The hail stones were large, and done much damage to skylights, conservatories and plate-glass windows. At Schenly park about half of the glass in the skylights of the Phipps conservatory were broken. The private conservatories of H. C. Frick, and A. R. Peacock, in the East End, also suffered severely. In the business part of the city many plate glass windows were broken. The falling hail frightened horses on the streets, and there were a number of runaways. As far as known, no one was seriously injured.

$2,500 for Two Teeth.

New York, April 12.—A verdict of $2,500 damages has been returned by a supreme court jury against a street railway company here for the loss of two teeth by a passenger. The plaintiff in the case was knocked down by a guard against whom he had been crowded. The blow from the guard's fist destroyed two of his best front teeth, but he suffered no other damage. Witnesses declared the assault to have been entirely unjustifiable.

HAWTHORN HAPPENINGS.

Several Business Changes—School is Prospering—Other Notes.

Hawthorn, April 12.—Several business changes have taken place recently. A. L. Webb sold his mercantile business and stock here to Edgar Johnson. Then E W. Waits sold his livery business to Mr. Langhlinhouse, and Waits bought an interest in the store with Johnson. All seem well satisfied with their new positions. Mr. Webb has bought a stock of goods and a business in Ocala and took charge there last Thursday. We are sorry to lose Messrs. Webb and Stamps from our community.

Rev. Mr. Allen, pastor of the Baptist church, had a week of interesting protracted meetings here. Quite a number professed religion. Several joined the church, Sunday night. Among them was Glenn D. Moore, and Misses Janie and Ella Stringfellow. Rev. J. W. McNary officiated. He is an able preacher. He is from Milwaukee and brother-in-law of Mr. McKinley who preaches here. He filled his place last Sunday and today also.

AN EXTENSIVE PURCHASE.

Major W. R. Thomas Buys 600 Acres of Valuable Land Near City.

Major W. R. Thomas has great confidence in Gainesville and Alachua county and its future. He is manifesting this confidence in a substantial way by continued purchase of valuable city and suburban property, a great deal of which is improved.

Major Thomas' last purchase was a tract of six hundred acres of land from the Ellsworth estate. This property is within a short distance of the city, west, and is said to be among the most fertile in the county. It is partially cleared, and the new owner expects to put the property in first-class condition for farming purposes.

It was only a few days ago that Major Thomas purchased three hundred and twenty acres of land immediately adjoining the city on the west, half of which will be included in the coporate limits by the passage of the new city charter.

Niece of President Buchanan Dead.

Philadelphia, April 12.—Mrs. James P. Hutchinson, wife of Dr. James P Hutchinson, and eldest daughter of A J. Cassatt, president of the Pennsylvania railroad, died today. Mrs. Hutchinson was a grand niece of President Buchanan.

OIL COMPANIES FILE RETURNS.

Missouri Courts Trying to Find If There Is a Combination.

Jefferson City, Mo., April 12—In the supreme court en banc today A. D. Eddy and Frank Hagerman filed separate returns of the Standard Oil company and the Republic Oil company in answer to the Ouster proceedings instituted by Attorney Hadley on the ground that the oil companies had formed a trust combination.

The returns deny specifically the allegations in the information filed by Attorney General Hadley, and then plead that they should not be held to answer to the information, declaring that the anti-trust law is unconstitutional.

The Waters-Pierce Oil company was given until tomorrow to file its returns. The case are set for April 22 when the pleas will be passed upon and the court will determine whether a commissioner shall be appointed to take testimony.

Drunken Men In Tennessee Commit Heinous Crime—Posse in Pursuit.

Butler, Tenn., April 12.—Lochie Hunton, a white girl, 14 years of age, was criminally assaulted by three white men, well known in this section in the woods 3 miles from town. The men are said to have been drunk.

Their victim is unconscious, and the men are hiding in the mountains and defying arrest.

The men are said to have overtaken the girl on the road while driving through the mountains, and compelled her to get into the back and ride with them. After taking the girl in they are said to have left the road and committed the crime.

A posse, headed by a well known and desperate mountain character, Nat Cardon, are on the trail of the men.

Protest Against Free Textbooks.

Cincinnati, April 12.—A formal protest against the extension of free textbooks to other grades of the public schools than those now receiving them was made today by the Hamilton county federation of Catholic societies. The officers of the federation, which consists of seventy societies, presented their written protest to the board of education. The reasons given are that free textbooks are unsanitary, un-American and a step toward socialism.

PROTEST AGAINST CHARTER

Rev. J. W. Carpenter Favors the Uniform Text-Book Measure — North Gainesville Files an Objection—Other News from the State Capital.

Special to The Sun:

Tallahasse, April 10.—The new Gainesville charter bill has been received here and is now being carefully considered by Alachua's Senator and Representatives. A protest has also been received from a committee of citizens of North Gainesville as follows:

"Notice is hereby given that a notice is being published as prescribed by law for the formation of a municipality, comprising the east one-half (½) of section thirty-one (31), the entire of section thirty-two (32), and the west half (½) of section thirty-three (33), in township nine (9) south, range twenty (20) east, in the county of Alachua, in the State of Florida, to be known as North Gainesville, the aforesaid territory being embraced within the bill providing for a new charter for the city of Gainesville.

Respectfully submitted,

Tallahassee, April 10.—The following is a sample of the many letters now being received in the Capital City:

"Tampa, Fla., April 7, 1905.

"Dear Senator McCreary:

"I am glad you have introduced a bill for uniformity of school books. There are not less than 1,000 families who change their place of residence in the State every year. It will cost each of these families $5 per year for school books. Should they change from one place to another during the school year the cost would be doubled. I have paid out $5 for books since coming to Tampa.

"Had there been a uniform law I would have had just as good books with no cost at all. Will the bill pass? Can I do anything to help it along?

"Respectfully,
"W. J. CARPENTER."

Baptism Sunday.

Quite a crowd was attracted to Green Sink, in the western suburb of the city, Sunday morning, the occasion being the Baptism of a couple of converts of the Shady Grove Baptist Church, colored, Rev. Thomas.

The usual Baptismal service was observed, and those present felt very deeply impressed with the same.

SPRING PARK FARM.

Manager Callison Extends Courtesies to Gainesville Friends.

The reporter of The Sun, with his family, had the pleasure a few days recently of being entertained by N. A. Callison, manager of Spring Park Farm, in that hospitable, clever manner for which Mr. Callison has been noted for several years. As one visitor expressed himself, the genial host almost "made him tired" in an endeavor to provide for his comfort—but of course the complaint came in a good-natured way.

Mr. Callison never tires of doing something for the comfort of those friends who go to see him, and it is seldom he is without company.

Through the courtesy of Mr. Callison we were shown through a section of the farm, which comprises a large tract. The Hereford and Jersey registered cattle, and the Berkshire registered hogs, the registered Angora goats, are all doing nicely. Of the Hereford stock there is one male cow weighing 2,200, and another about 1,600, both of which were prize winners at the World's Fair, St. Louis, and which were purchased recently by the breeders in Texas.

Mr. Callison has forty-six head of registered Hereford and Jersey cows, six head of registered Berkshire hogs, and a number of Angora goats on the farm of the Spring Park Stock Farm Company. The largest of the hogs tips the beam at 640 pounds, although all are large. It is safe to say that this is the best stocked farm of genuine registered cattle in the State.

Death of Young Man.

The Sun regrets to announce the death of Erneet Spence, aged eighteen, son of Mr. and Mrs. H. F. Spence, which sad event occurred at the home of his parents, West Mechanic street, at a late hour Monday night.

Deceased has been for several weeks a sufferer from consumption, but he bore his troubles and pain with patience, until death came to relieve him. While his friends realize that he has been relieved of suffering, they will be pained in his absence, as he was a true and loyal friend and companion.

Deceased was a member of the Methodist church. A short funeral service was held at the home Tuesday morning at 11 o'clock, Rev. T. J. Nixon officiating. The remains, which were accompanied by relatives and a few friends, were shipped to Newnansville on the noon train, where they were interred with impressive ceremonies.

The Sun, with [illegible] friends, extends to the bereaved family deepest sympathy.

THE LEGISLATURE RESUMES BUSINESS

Many Bills Are Coming Into Both Senate and House.

A TRIP TO PESACOLA PLANNED

New State Buildings Asked for to Accommodate Public Officers—Rosborough's Bill Defining Rights of Servants and Masters.

Special to The Daily Sun.

Tallahassee, April 11.—A resolution by Mr. Blount in the Senate yesterday, appointing a committee of five in both the Senate and House, to consider the practicability of the Governor, executive officers and Legislature, through an invitation of the Chamber of Commerce, visiting Pensacola during the time the U. S. warships are in port, was adopted.

Several new bills were introduced as follows:

By Mr. Trammell—Pertaining to insurance where there is a total loss; elementary civil government and agriculture in public schools; construction of academic building for South Florida Military College.

By Mr. Harris—Bill making appropriation of $45,000 for the erection of additional buildings for the use of the public officers to be assigned by the Governor.

By Mr. McCreary—To amend the law relating to the imposing of license and other taxes.

By Mr. Wilson—A bill to limit the amount of bonds that may be issued by any city or town; also to validate contracts of persons over twenty-one years of age under certain conditions.

By Mr. Raney—To make an appropriation for the Florida State College at Tallahassee.

By Mr. Brown—A bill for the relief of Marion county; also to regulate the width of tires on vehicles operating upon brick or hard surface roads; also to authorize Marion county to issue warrants to remodel court house.

By Mr. Canova—To amend the law relating to public schools.

The House.

The joint resolution providing for an amendment to section 9 of article 5 of the State Constitution, introduced in the House yesterday afternoon, provides that the salary of each Justice of the Supreme Court shall be $4,500 a year, and that the salary of each Circuit Judge shall be $4,000 a year.

The salaries paid at present are $3,000 and $2,500, respectively.

Representative Rosborough of Alachua—A bill to authorize the service of processes from County Judges' courts to be executed by constables.

Representative Williams of Polk—A bill to pay owners of live stock by order of the State veterinary agent.

The bill introduced in the House by Mr. Rosborough of Alachua, defining the rights and liabilities of master and servant, has already attracted considerable attention. It is said to have been submitted to a prominent Jacksonville attorney and to have the especial indorsement of the railway employees of the State.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

House to be Improved.

The elegant Denham home, East Church street, owned by Captain W. B. Denham and now occupied by H. A. Ford, and which was recently purchased by W. R. Thomas, will be improved. While the house is now one of the best in the State, as far as construction is concerned, Major Thomas has decided to improve the building by having it repainted, and Sternberger & Phillips have the contract. The house, which has been of a dark color, will be finished in white with green blinds, which will make a most attractive contrast.

CITY ELECTION PASSED QUIETLY

Two Aldermen of Former Board Were Retained.

ALDERMAN LYNCH DEFEATED

Alderman Doig Retires by Limitation, and Alderman Benson and Hodges Will Fill the Vacancies—Pinkoson Wins Easily Over Opponents.

The municipal election for 1905 has passed off, and it was one of the quietest, most orderly, ever held here. There was no opposition to the ticket, except for marshal and alderman, and even among these candidates the rivalry was of the good-natured sort which exemplified the friendliest spirit.

The run made by Marshal Pinkoson was indeed a credit to the ability and popularity of that official, who has held the position in the past with such credit to himself and the city. While his opponents were good men and good citizens, capable in every way to fill that important office, the voters by ther ballots exemplified their confidence in Mr. Pinkoson, for which he should feel proud.

It will also be noted that H. E. Benson led the ticket of the six candidates for aldermen, which should be gratifying to Mr. Benson. He has served the city as an alderman before, and so well did he perform his duty that the people were willing to risk him again.

Every candidate for alderman was a good citizen and competent man, and it was a source of regret that two of them had to be defeated. Alderman Lynch, who failed this time of the required number of votes, has proved himself worthy of the honors of councilman for the past two years, and his friends were a bit surprised that he should have been defeated at this election. However, the defeat was only by a few votes, and was no reflection upon the public character or public acts of the man. Aldermen Taylor and Cushman, who have both been members of the council for two years and have served the city well, are retained, while Dr. Hodges is a new man. He is a man of integrity and high honor, however, and it goes without saying will fulfill his duties in a manner becoming his station.

All other officers on the ticket were elected without opposition. This was a compliment to these gentlemen, who have been faithful and efficient in the discharge of their various duties, and it is assured that they will in future look after the city's welfare with equal, if not increased vigilance.

The Result.

Following was the result of Tuesday's election:

For Mayor—W. R. Thomas 225.

For Marshal—C. Pinkoson 189, D. A. Robertson 82, R. A. Becker 31.

For Clerk and Treasurer—J. M. Dell 263.

For Tax Collector—T B. Ellis 267.

For Tax Assessor—W. M. Bradford 259.

For Alderman—H. E. Benson 187, A. M. Cushman 180, J. Harrison Hodges 174, L. C. Lynch 165, J. B. Padgett 136, W. B. Taylor 183.

NORTH GAINESVILLE HAD BIG MEETING

Mayor Thomas and Attorney Davis Present to Discuss Charter.

THEY EXPLAINED QUESTION

Endeavored to Show Where the New Charter, Embracing North Gainesville, Would Prove a Benefit, But There Was Objection by a Few.

From Wednesday's Daily Sun.

Pursuant to previous notice, Mayor W. R. Thomas and Attorney Robert E. Davis of this city addressed a fair crowd of North Gainesville citizens in the matter of the proposed extended charter for the city of Gainesville at the North Gainesville Hall Monday evening. While a great many of those congregated could not be considered qualified voters, there were many who were interested in the suburb and its welfare—many who were property owners, and a few who were earnest and had accomplished a great deal towards the upbuilding of that community, present.

There were also quite a number of residents of Gainesville present who, although they had no voice in the meeting, just "happened along," being prompted by the interest in the matter; there were others, both residents of North Gainesville and Gainesville, who had no property, and merely attended for the prospective interest there might have been—and there was plenty of interest and fun before the meeting came to a close.

The meeting was called to order about 8 o'clock by Attorney W. H. Palmer, who explained its purpose—to discuss the advisability of joining with Gainesville in the matter of a new and extended charter.

Col. Palmer introduced Mayor W. R. Thomas, who in a short but very impressive address explained the advantage of the new charter, and declared that he thought it to the best advantage of Gainesville, and in fact all the territory embraced in the proposed extension.

Attorney Robert E. Davis addressed the meeting upon the same lines, speaking for an hour and a quarter. Col. Davis endeavored to be very explicit in his remarks, which it were difficult to misconstrue, and at the conclusion read a copy of the proposed charter by sections, explaining the same fully. He was interrupted two or three times, but being well versed upon the question and well posted upon this particular instrument, there was no delay or no hesitancy in explaining its every point.

At the conclusion of Attorney Davis' remarks there was a motion to adjourn, but unlike Barkis, the audience was not willing, and the motion was voted down without a dissenting voice.

There were several addresses by the citizens of North Gainesville, some fair and broad-minded, some "medium," some erratic.

It seemed that some possessed the idea that the people of Gainesville desired to twist the beautiful suburb of North Gainesville about their finger and make the people of that progressive burg slaves under the monarchy of a powerful municipality, while others contended that it would be best for the community. Among the latter were some of the best and most conservative citizens of North Gainesville, who have been residents of that section and have owned property there for many years; who are today the largest property owners in the suburb, and who have accomplished much by their influence and energy in building up the settlement to the position it holds today.

The result of the meeting counted for nothing save a general conglomeration of remarks, and at a late hour the meeting adjourned until Thursday evening, when the people of North Gainesville will meet at the hall and thoroughly dissect the copy of the proposed charter, section by section, line by line.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davision Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—

"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—

"I might have have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound sooner; for I have tried so many remedies without help.

"I dreaded the approach of my menstrual period every month, as it meant so much pain and suffering for me, but after I had used the Compound two months I became regular and natural and am now perfectly well and free from pain at my monthly periods. I am very grateful for what Lydia E. Pinkham's Vegetable Compound has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of American women.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

The general activity manifested in every portion of the State is proof of the greatness of Florida. And when the full capacity of her resources are known, it will be proven that no one article from her diversified products can seriously cripple her progress and prosperity. If oranges fail, we have tomatoes; if tomatoes should be ruined the potato crop is still with us; and we might go along down the line of various crops and still find a plenty to divert a famine unless we had a complete upheaval of the whole State.

People who come to Gainesville are delighted with the appearance of the city, and the pure drinking water is one of the greatest attractions. With the present building boom, which seems phenomenal, the city must expand and new additions must be taken into the corporate limits. The people who come here for health want the conveniences of the city extended to the portion where they reside. In order to get them the charter must be changed. With the waterworks extended to these new additions, there is protection to health, protection to property from fire and an advance in real estate is sure to follow. There should be a united action for the welfare of our fair city, and no "knocking." Rather, give the town a boost.

ONLY BLUSTER.

Someone made a remark about fooling the people, etc., which will no doubt prove literally true before many years. There has been a great deal of bloster and bluff about a certain gentleman who fills a most high place in the affairs of this government at Washington, when not romping with the festive cowboy, and it has seemed to come to naught in so far as the people have experienced any relaxation from the iron hand of the trusts and monopolies up to date, and there is growing a certain restlessness that will not be put off with promises much longer.

Mr. Roosevelt may be sincere, but he will find ere long that the people also are as dead in earnest as Mr. Roosevelt is, and it is plain to be seen that so far he has been standing them off with only promises that are sure to avail nothing, for even if he has the Senate with him the House is body and breeches against anything that will do the least to help the people to one jot or tittle of relief.

The only way relief can be hoped for is through the votes of the people, and the recent city election in Chicago may be taken as indication of the direction of the breeze which is being fanned up to a cyclone by the usurpation of the rights of the people. The election being in an off year, when the Republican machine is not putting up big money for votes, shows the strength of the Democratic party at its normal stage, and if the general elections were conducted on the same principle, the result might be a Democratic triumph.

It will lead to something, this continuation of broken promises and long-drawn-out trials resulting in acquittal of the guilty trusts, and if we can only unite on a sound principle and stand by the people, there will be a rout of the man of promises that he never dreamed he would fulfill.

THE PANAMA CANAL.

There has been much comment regarding the Panama canal, and people are beginning to weary of the dilatory conduct of those who have been loitering and manifested a listlessness in the work. The personnel of the new canal commission as announced by President Roosevelt is such as to inspire confidence in the successful outcome of the undertaking, although past experience counsels withholding judgment until later developments make possible more accurate judgment of the individual and collective worth of the commissioners. Theodore P. Shonts, chairman of the commission; Charles E. Magoon, appointed governor of the canal zone, and Chief Engineer John F. Wallace are all thoroughly qualified for the task devolving upon them, while the four other members are men of ability.

The handicaps which existed have been wiped out; executive differences have been removed, and the inculcation of a spirit of co-operation made possible through the recent shake-up should be productive of good. The nation cares little who the individual is so long as he is capable of producing results. What is wanted is the construction of the canal, and the man or men who can accomplish this feat in the shortest possible time with the least possible expense are the ones most liable to retain public favor. In stating that they were expected to show results, President Roosevelt reflected the sentiment of the entire country.

So far as they succeed in this respect they will have justified their appointment and prove themselves worthy of of public commendation. Their failure will cause distrust of public management of the utilities of the country.

You don't have to go far from Gainesville to find tropical scenes. The shores of Newnan's lake in some places are a veritable jungle and the festive alligator sports in its waters with all the nonchalance of a summer girl at the seashore.

Discussing the maintenance of the higher school of learning Governor Broward in his message says: "I therefore recommend that such a thorough and systematic reorganization of these schools be provided for as will accomplish, as nearly as possible under the existing conditions, the end outlined above, and that the funds out of which they will be supported be raised by a specific levy for that purpose, after a careful estimate of their respective needs, and that they be no longer dependent upon the general revenue fund for their support. It is the constant purpose of each State administration to reduce the levy for general revenue purposes to that point where the expenditures made and amount raised shall be equal; which condition of affairs, if attained, would leave no balance in the treasury for the maintenance of these higher institutions of learning."

A correspondent to The Times-Union favors the erection of a State prison, where convicts could be learned a trade. There are few prisons where convicts are learned a trade these days, but there are many where they have more of the comforts and pleasures than the poor, honest workmen who toil day by day to support their families. In some of the State prisons the inmates have operas furnished by the authorities and other amusements, and the writer remembers an instance where a prisoner requested the judge before whom he was sentenced to send him to Jackson, if he would, as "they had a baseball team there and he was fond of the game."

A gentleman from Kentucky, who has been to Cuba, says "Florida's best days are over." This may be true, but it is a hard matter to make a great many people believe it. Admitting that she may never have as good days in the future as in the past, so long as she can give us even as good, or bad weather as the past winter, and people who are invalids in the North come down here and live all winter without taking any medicine, who would have died if they had remained at home, will be seen coming to Florida again next season. Don't worry about Florida, colonel.

There is considerable satisfaction left for the tillers of the soil in Florida, even if the orange crop does not prove as profitable as is sometimes anticipated. With a frost and disagreeable weather, we turn our attention to the growing of potatoes and realize a hundred dollars per acre from the crop, while the best farmers in the North would be glad to net half that sum, and at the same time be willing to pay $7.50 per ton for coal to keep warm eight months in the year. A man who can plant potatoes in Florida should never suffer on a farm of twenty-five acres.

Should the State establish a printing office it might be a good idea to publish our own school books, which would also furnish more work for such an institution and let the State make the profit.

Tallahassee, April 12.—Senator McCreary, at the request of Gov. Broward, has nominated the following citizens of Alachua county as delegates to the Southern Interstate Convention of the National Good Roads Association which meets in Baton Rouge, La., April 28 and 29: C. C. Pedrick, Gainesville; F. F. Paulling, Hawthorn; J. G. Osteen, Donnie; J. G. Dampier, Hague; J. F. Townsend, Campville; W. M. Blitch, LaCrosse; W. C. Rives, Alachua; C. A. Colclough and J. D. Stringfellow of Gainesville.

The Senate.

A resolution was introduced in the Senate by Mr. Crane to have a joint committee of three visit the St. Petersburg Normal and Industrial School, which was passed.

Mr. McCreary's resolution—That the joint committee appointed to visit the Deaf, Dumb and Blind Institute at St. Augustine be, and is hereby directed to visit and inspect the laboratory of the State Board of Health, at Jacksonville, and report its present condition and necessities, was also passed.

Bills were introduced and referred:

By Mr. Crews—To amend the law in relation to obtaining money under false promises.

By Mr. Lee—To dispose of surplus money belonging to the fine and forfeiture fund.

By Mr. Jackson—Requiring any person, firm or corporation to maintain good and sufficient stock grounds; also a bill to exempt certain persons from paying occupation or license taxes; also a bill fixing a penalty for cutting timber on another's land.

By Mr. Blount—To provide for service by publication on unknown persons on property in chancery proceedings.

By Mr. Crill—To provide for the inspection and analysis of commercial feeding stuffs in the State, inspection fee, assistant State chemist and inspectors.

By Mr. Raney—A joint resolution to amend section 7 of article 5, in relation to the salaries of supreme and circuit judges. A similar bill was introduced in the House.

The House.

Tallahassee, April 12.—Following is the full text of the resolution of Mr. Wall of Putnam, adopted by the House, which practically renders useless the Committee on State Institutions:

"Resolved, That a special committee of nine members of the House of Representatives shall be appointed by the Speaker to whom shall be referred all bills, resolutions, reports of committees, or other papers pertaining to the various State institutions and no member of said special committee shall be a resident of the county where any of said institutions are situated, and be it further resolved, That no member of a committee appointed to visit such State institutions shall be a representative of the county wherein such institutions are located."

Legislative Notes.

Senator W. Hunt Harris of Key West believes, and very properly so, that his city is destined to be one of the greatest and most popular in the United States. With the practically assured project of the extension of the East Coast Railway to Key West and the consequent, to all intents, "ferry service" to Havana; with the great development of the United States government interests, and with the renewed and increased activity in cigar manufacturing circles, the prospect for this beautiful "Island City" is bright indeed.

Senator Harris in speaking of the new cigar factory to be built by the American Tobacco Company, and which is said to be the largest in the world, told how the big three-story building will have room for one thousand expert cigarmakers, which will mean a total number of workmen or employes overreaching the eighteen hundred mark. The structure will be built of concrete and steel, four stories in height, two hundred feet long and sixty feet wide. The land upon which the mammoth factory will be erected is valued at $75,000, and was donated to the American Tobacco Company by the Key West Realty Company, a quarter of a million dollar company which has been active in the interests of the newer and most prosperous Key West.

AN IMPRESSIVE MARRIAGE.

Popular Young Lady of Lochloosa Wedded to Young Georgian.

The home of Mr. and Mrs. F. M. Coleman of Lochloosa, Fla., was the scene of a pretty home wedding on the evening of April 5th, when Miss Maud, their second daughter, was led to the altar by Mr. John Phillips, one of Georgia's young men of sterling character.

Promptly at 8 o'clock, the appointed hour, the bridal couple entered the parlor and took their position under a canopy of flowers, where, in the presence of the family and friends, Rev. Haines of the Methodist church read the ceremony which united in a common destiny the hearts of this happy couple.

The bride was arrayed in a gown of spotless white, and carried in her hand a large bouquet of beautiful white roses, both fitting emblems of purity.

The groom wore the customary black suit, which, compared with the light apparel of the bride, bears out well the striking contrast of clinging dependence and manly strength.

Congratulations were next in order, after which the hostess led the way to the supper room where the merry party partook of a feast of good things daintily prepared.

Time slipped away all too soon, and after a short time spent in the parlor in the enjoyment of music and social converse, the guests departed, and Mr. Phillips took his bride to their new home, carrying with them the best wishes of all their friends.

HAPPENINGS OF MELROSE.

Northern Visitors Returning Home. Pleasant Card Party—Other Notes.

Melrose, April 12.—Dr. P. D. Hicks of Waldo was in town for several days doing dental work.

At the regular council meeting held on Tuesday afternoon the town clerk was instructed to insure the town hall, and to have the tax books closed on May 1.

The total rainfall during the month of March was 2.50 inches.

The Ladies' Aid Society will have ice cream for sale on Friday, April 14, at the town hall.

Geo. M. Lynch of Gainesville and Charles Rodgers of Live Oak were among the visitors in town recently.

The exodus of our winter residents has begun, about twelve leaving this week. Nearly all will be gone by the end of the month.

Mrs. J. A. Remmel entertained the members of the Ladies' Literary Society at cards on Thursday afternoon. The tea table was set under an immense Japanese umbrella, and very pretty Japanese fans were given as souvenirs of the enjoyable afternoon.

Another New Dwelling.

Gainesville will soon boast of another handsome cottage, which will be located on West Market street, between South Pleasant and South Garden.

E. E. Voyle of the Abstract and Realty Company has let to the Eddins Manufacturing Company the contract for a one-story frame dwelling for Mrs. A. A. Taylor of Rocky Point. The specifications call for five rooms and bath. When completed it will be one of the most conveniently arranged homes in the city, and a credit to the section in which it will be located.

The contractors propose to begin work upon the building at once.

MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, the First Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Daniel D. Bidwell, Supervisor, Notary Public and a member of I. O. O. F., 180 Pearl street, Buffalo, N. Y., writes:

"Having used Peruna for a shor time, I desire to write you as to my present condition.

"When I obtained Peruna I was suffering from chronic indigestion and kidney and bladder trouble. It seemed to help the circulation at once. My digestion is now perfect and my kidneys and bladder do not trouble me in any way. In fact, I give Peruna the entire credit.

"Hoping that your remedy will reach all sufferers in a similar case, and thanking you, I remain,"—Daniel D. Bidwell, N. P.

A South American Cured by Pe-ru-na.

Count Alfonso d' Aljores, of 287 Plaza del Torro, Buenos Ayres, South America, while visiting in Chicago, wrote from 247 Cleveland avenue, that city, as follows:

"I used Peruna a short time ago to build up my system, which was all run down from overwork, worry and a cold which had settled in my back and kidneys, causing me serious annoyance and trouble.

"When I returned home from work at night, I was so exhausted and worn out, together with the pain in my back, that I felt I would never be able to take up the burden of life again in the morning, but when morning came I would get out somehow. This dragging through life continued for a couple of months, when I decided I would take Peruna.

"I am glad to state that I found it just the medicine for me. In a couple of months I was restored to perfect health and strength, and my work was no longer a burden. I therefore endorse your medicine as worthy of the confidence of the sick."—Alfonso d' Aljores.

Dangerous Kidney Diseases Cured.

At the appearance of the first symptom of kidney trouble, Peruna should be taken.

This remedy strikes at once the very root of the disease.

It at once relieves the catarrhal kidneys of the stagnant blood, and prevents the escape of serum from the blood.

Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain.

It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

A remedy that cures all the catarrhal derangements of the kidneys should certainly be considered a household necessity. Peruna is such a remedy.

A Prominent Merchant Restored to Health By Pe-ru-na.

Mr. John Nimmo, 215 Lippincott St., Toronto, Can., a prominent merchant of that city, and also a member of the Masonic Order, writes:

"I have been in poor health generally for over four years. When I caught a bad cold last winter it settled in the bladder and kidneys, causing serious trouble. I took two greatly advertised kidney remedies without getting the desired results.

"Peruna is the only remedy which was really of any benefit to me. It seemed to act in perfect harmony with the system, eliminating the poisons, stopping the ravages of the disease and gradually restoring me to health and strength.

We have on file many thousand testimonials like the ones given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

All correspondence held strictly confidential.

THE KEY TO YOUR SYSTEM IS YOUR LIVER

The principal civilized nations of the world guard jealously and expend millions annually to protect those strategic positions, or strongholds, recognized as the "key" to their national integrity.

Your liver is the stronghold that you must fortify and guard against the attacks of disease. Your liver is "The Key to your System." Take care of your liver and your liver will take care of you.

Sharp-edged uric acid crystals are forming in your blood; Bright's disease, rheumatism, diabetes, inflammation of the bladder, dropsy, stone in the bladder, and many other similar enemies of your system are marching against you. They must reach your system through your liver. If you fortify this stronghold against them you conquer disease and win robust health. If you neglect your liver they will capture it and overrun your entire system, breaking down tissue through the nerves and blood. Diseases of the heart and lungs, skin diseases, constipation, rheumatism and stomach troubles naturally follow.

The only preparation that drives out all these troubles is DR. THACHER'S LIVER AND BLOOD SYRUP. It cures, because it goes to the seat of the trouble at once. It drives these disorders out of your liver; it strengthens "The Key to Your System" and fortifies it against future attacks. It makes you well by making your liver well.

Dr. Thacher's Liver & Blood Syrup Cures

DR. THACHER'S LIVER and BLOOD SYRUP is an honest medicine—an accurately compounded preparation of pure medicinal herbs. No nerve-deadening opiates—no harm in a thousand bottles.

Dr. Thacher's Health Book will tell you why you are sick, and how to be well. Send for it, and a sample bottle of DR. THACHER'S LIVER AND BLOOD SYRUP.

...SATURDAY

...Applicants for Po... Rural Mail Carrier.

...NIENCE FOR ALACHUA

...ural Free Delivery Route in the ...nty Will be Established Between ...ainesville and Bennington in a Few Weeks—Others to Follow.

It looks as though Alachua county will soon enjoy the advantages of a free rural mail delivery sure enough. It will be a reality instead of an anticipation, for an examination of applicants has been ordered to be held in this city on Saturday next, the 15th inst. This examination will be held in the council chamber, and will be conducted by Benjamin T. Arnow, secretary of the civil service committee.

There are twenty-three applications, nine of whom are white. The examination will consist of orthography, geography, reading, arithmetic and writing. It is not a difficult examination, and the probabilities are that a majority will pass.

The position pays $720 per year, or $60 per month, and the carrier is required to furnish and provide for his own team.

A postoffice inspector assigned specially to the rural free mail delivery service visited Gainesville at the urgent request of Postmaster Arnow, Hons. W. G. Robinson and Henry S. Chubb and others several weeks ago, and, with the assistance of Postmaster Arnow and members of the postoffice force, succeeded in mapping out six routes. The inspector recommended that one route be established as early as practicable, with the result that applicants for carrier were advertised for. The first route to be established will be from Gainesville to Bennington, via the Paradise section, returning via the Arredondo or Beville section, making a round trip of about twenty miles per day, with the exception of Sundays.

As soon as the necessary petitions are secured, other routes will be established. All that is necessary to establish a route is the circulation and signing of a petition, requiring 150 names of those along the desired route. There is no route selected by the inspector which could not easily comply with this requirement.

A free bottle of Dr. Thacher's Liver and Blood Syrup will be sent to any reader of this paper who will write to the Thacher Medicine Co., Chattanooga, Tenn.

GRACY'S HEAVY LOSS.

About $1,000 Worth of Lumber Destroyed by Fire at His Mill Sunday.

Mr. and Mrs. L. C. Gracy of High Springs were among the visitors to this city Monday.

Mr. Gracy reports the loss of about $1,000 worth of lumber from the yard of his mill Sunday, the same having caught from a forest fire, and the flames could not be checked until great damage had been done. Fortunately, the mill, which is a valuable one, was saved.

Friends of Mr. Gracy sympathize with him in the loss.

Entertained at Belvedere.

Earleton, April 10.—Baron and Baroness von Luttichau gave an out-of-door dinner last Saturday. The steamer Alert was chartered for the accommodation of the guests. At the table, which was under the Baron's famous live oak tree overlooking Santa Fe lake, plates were laid for nineteen. Full justice was done to the good things, under which the table fairly groaned.

After the covers were removed the guests remained at the table and Mrs. Charles Shooter and Mr. James Johnson discoursed choice music on the zither and the violin. There were also many jolly, familiar songs, in which all present joined in the chorus. Conspicuous among these was "Under the Baron's Big Tree," to the music of "Under the Anheuser-Busch," gotten up especially for this occasion and rendered by Mrs. Johnson. The chorus was:

"Come, come, come and make eyes with me,
Under the Baron's big tree.
Come, come, have a good time with us,
Under the Baron's big tree.

"Here we all congregate . . . .
Year after year we come, yan!
So, so, here we are at Belvedere,
Under the Baron's big tree."

The weather was perfect, and a most enjoyable day was passed. There were present: Mr. and Mrs. Billow, Mr. and Mrs. and Miss Luella, Mr. and Mrs. Charles Shooter, Mr. and Mrs. Herbert Shooter, Mr and Mrs. James Johnson, Mr. and Mrs. J. Remmel, Mrs. Dr. Drew, Col. and Mrs. Tolles and Mr. and Mrs. Harrison Tolles.

Mrs. E. O. Futch departed yesterday for Augusta, Ga., having been summoned by the sad death of her mother, Mrs. Mary Murphy. The numerous friends of Mrs. Futch in this city sympathise deeply with her in this loss.

W. E. Dow departed yesterday for Atlanta, having been summoned on account of a surgical operation to be performed upon his brother, James H. Dow, well known in this city. Mr. Dow's friends trust that he will undergo the operation successfully, and that he will soon be out again.

Mr. and Mrs. A. S. Larcum and daughter, Mizelle, of Beverly, Mass., after about five weeks' visit to Mrs. Larcum's sister, Mrs. J. E. Wainwright, departed for their home yesterday. They were accompanied by Miss Ida Jones of Pierson, also a sister of Mrs. Larcum, who will make her home in the Larcum household.

C. A. Williams of Alachua, one of the leading citizens and business men of that progressive town, was a visitor to this city yesterday. Mr. Williams states that Alachua is on the verge of a building boom, and that indications were that three elegant new brick buildings would be erected there in a short time. Considerable building is already being done, and altogether "things look good" for Alachua and her people, commercially and otherwise.

County Tax Assessor W. W. Colson, desirous of keeping up with the times, as well as working with some degree of comfort, has installed in his office a handsome bookkeeper's desk, which is an ornament to the office and a great convenience to the assessor and his valuable assistant, Mr. Miller. The desk has ample capacity, hence affords convenient room, and makes a great change in the office. It is made of Florida curly pine, and will last for an indefinite period.

One of the "sights of the century" was witnessed at the ticket office of the Atlantic Coast Line yesterday, when "Mr. and Mrs. Tom Duke," colored, of Waccahoota, filed into line with their twelve children to wait for the train for High Springs. This was indeed an interesting, as well as amusing sight, since the children, the complexions of whom are as dark as the proverbial ace of spades, are from the mother's arms up to about fourteen, and the mother declares she is not over thirty. Of the entire "bunch" only four tickets were required for transportation, the other children being under the required half-limit.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

MINISTERIAL ASSOCIATION.

Interesting Meeting of That Body Was Held Tuesday Afternoon.

The Ministerial Association of the City of Gainesville met at the Presbyterian manse Tuesday afternoon at 3 o'clock, Rev. Thos. P. Hay, the president, in the chair.

After a full discussion of the matter, it was decided to hold a union mass meeting on the evening of the fifth Sunday of the present month, which will be on the 30th. The meeting will be held in one of the churches, which will be announced later. The Tabernacle was offered for the purpose, but owing to the fact that there is no electric current in that building, it was necessary to decline the offer.

The object of this meeting will be for the discussion of the best methods of inducing children to attend Sabbath school.

The following committees were appointed for this meeting: Program—Revs. Thos. P. Hay and T. J. Nixon, and Dr. F. P. Bullock. Music, Professor Oliphant. Arrangements—Christopher Matheson, Ferdinand Bayer and J. F. Bunch.

It is proposed to make this meeting one full of interest, and hopes are entertained that it will be effective. The program for the occasion will be published as soon as it can be arranged.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil, will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg block with L. & M. Stands out as though varnished."

Wears and covers like gold.

Don't pay $1.00 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 80 cents per gallon and mix it with L. & M.

It makes paint cost about $1.20 per gallon. Sold by S. J. Thomas, Gainesville; J. C. Bishop, Alachua.

LINES BEING EXTENDED.

East Florida Telephone Company Will Soon Reach Morriston.

The territory of the East Florida Telephone Company is being constantly extended, which makes a great convenience to the people of Gainesville and those located along its lines.

C. C. Voyle, constructing superintendent of the company, with a force of men, is now working on the line southward from Raleigh, and in a short time expects to complete the system to Morriston, which will afford the towns of Williston and Montbrook also the advantage of a first-class telephone service. It is the ultimate intention of the company to extend its line southward from McIntosh to Ocala, if proper encouragement of the people of that city can be secured. This will afford Gainesville and the Brick City direct communication.

The company proposes to begin work on the line from Gainesville to High Springs about May 1.

Three new 'phones have just been installed, one at the office of the Diamond Ice Company, one at the store of H. M. Chitty & Co., and one in W. M. Johnson's drug store.

NOTICE.

Having sold my interest in the Baird Hardware Co., I am no longer connected with that establishment. I beg to thank all who have patronized the house on my behalf. Very respectfully,

T. J. SWEARINGEN.
